

What is the Family and Medical Leave Act?

The Family and Medical Leave Act (FMLA) requires that all covered employers provide eligible employees with 12 weeks of unpaid leave during any 12-month period for one or more of the following reasons: the birth of a child, placement with the employee of an adopted child, to take care of an immediate family member with a serious health condition, or to take leave when the employee has a serious medical condition.

Staying in touch

Welcome to our first newsletter! We at Star Nursing are trying to keep you better informed with the current events that are happening.

Joint Commission Certification

Star Nursing has earned the Gold Seal of Approval for Healthcare Staffing Services from the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). Nurses and clients can be assured when they are partnering with Star Nursing that they are working with a company that meets the rigorous standards established by JCAHO and that has a companywide commitment to quality.

Heparin Recall

Baxter Healthcare Corporation voluntarily recalled nine lots of heparin sodium injection in 1000 units/mL multidose vials, due to increased reports of adverse reactions associated with the product.

The company began recalling lots Jan. 17 as a precautionary measure when officials received reports customers were experiencing potentially life-threatening allergic-type reactions such as vomiting, diarrhea, decreased blood pressure, chest pain, headache, and fast heart rate.

The recalled lots include 107054, 117085, 047056, 097081, 107024, 107064, 107066, 107074, and 107111.

Baxter is instructing customers to stop using the recalled products, separate them from the rest of their inventory, and contact the company to arrange for return and a replacement product. Baxter can be reached at (800) 667-0959.
